MOBILE STATION

ALPARC has got also a MOBILE station of ViViAlp since March 2009.

This station is made for conferences or events, and more easy to transport on different places for a short time use (1 to 3 days).

For any question, contact info@alparc.org

INTERNET : The virtual visit is also available on the Internet, through Google Earth

The software Google Earth needs first to be installed on your computer:
<http://earth.google.com>

[Start the virtual visit in English](#)

Links to the other translated versions are available on www.alparc.org, under "Virtual visit"
